

## INSTITUTE – VISION & MISSION

The vision & mission also depends on the Airforce requirements and other Defence requirements as this is a Armed Forces Institute.

Vision of Institute is to achieve the status of ‘Centre of international acclaim’ in aeromedical research, training and evaluation and the Mission is to pursue excellence in aeromedical research, training and evaluation for enhanced aerospace safety and optimized crew performance.

As this is Defence Institute, the administration is governed by the Defense Services Regulations & Air Force Act, so these confidential documents pertaining the same cannot be shared.

The concerned document will be provided in person during DVV
